

## ***Equipping Children for Life-Long Learning...***

### **Early Childhood Education Preschool through 1<sup>st</sup> grade**

Our comprehensive early childhood program seeks to create an environment that develops the whole child, provides a basic foundation for life-long learning and prepares them for success as they begin and move through the Christ Lutheran program.

#### **It is our goal to:**

- Create a safe and loving learning environment.
- Lead each child to know the joy of God's love.
- Provide a developmentally appropriate curriculum that meets the needs of each child.
- Partner with the parents in their child's education, while providing them with spiritual, emotional and educational support services.

## ***...And Service...***

### **Elementary Education 2<sup>nd</sup> through 5<sup>th</sup> grades**

As the child develops, so does the program at Christ Lutheran School. Our elementary program seeks to teach students to set challenging goals for themselves, while developing the academic and social skills necessary to achieve them. In addition, our elementary students are encouraged to put their faith into action through acts of service.

#### **It is our goal to:**

- Encourage the development of a sense of responsibility for others through service in their community and church.
- Encourage the child to take an active role in God's kingdom by developing and using their gifts and strengths to help others by learning to apply the Bible to daily life.
- Emphasize the development of a well-rounded student through fine arts and technology.

## ***...By Nurturing Hearts and Minds for Christ.***

### **Middle School Education 6<sup>th</sup> – 8<sup>th</sup> grades**

As our students mature and move towards high school, the Christ Lutheran School curriculum continues to challenge and encourage academic and spiritual development. With an emphasis on developing Christian leadership skills, we prepare our middle school students to enter God's kingdom with strength and conviction.

#### **It is our goal to:**

- Build and encourage an academic foundation for continuing education in high school and college.
- Develop Christian leaders who model their faith, through action and word.
- Develop the whole child, beyond academics by emphasizing physical health, music, art and technology.
- Train students through daily Bible-based instruction and encourage active church involvement.
