"I was six thousand miles from home, in a combat zone, in one of the harshest places in the world. Unlike me, Fred was home. This compound was all he knew. And even though he'd probably never had a drink of clean water before or a scratch behind the ear, he was gentle and sweet. Looking down at him, I let go of

worrying about the no-dog policy or when the next round of fighting would begin. For that moment, I felt like I was home, too.”

Parent Homework

We are writing to ask you to become a partner with us in your child's education. We will only have your child for a short time but we want to make a contribution that will last a lifetime. We know that teaching must begin with making children feel at home in the classroom and helping all the children come together into a learning community. This community is made up of unique individuals, each with his or her own learning style, interests, history, hopes, and dreams.

Would you please help us by taking a moment (5 minutes or less) to use the link below to tell us about your child? **Feel free to include as much or as little as you would like us to know.**

<https://forms.gle/s7mAfxF2ehV8twmx6>

Please complete your response on or before **August 10th.**

We look forward to a wonderful partnership in your child's education.

Thank you,
